GMP Audit

GMP technical visit

Evaluation of
sources

Evaluation of
product files

- Verify the level of **compliance of distributors** with WHO GSDP standards (storage conditions, inventory management, etc.)

This visit cannot be considered as a GSDP audit, not all the main pillars can be assessed as thoroughly as in a GSDP audit

- In general **0.25 day preparation + 0.5 day per site + 0.25 day reporting**

- **Qualified experts validated by QUAMED**

- **Site visit and overall QA system evaluation**

- **GSDP technical visit tool + pre-visit questionnaire**

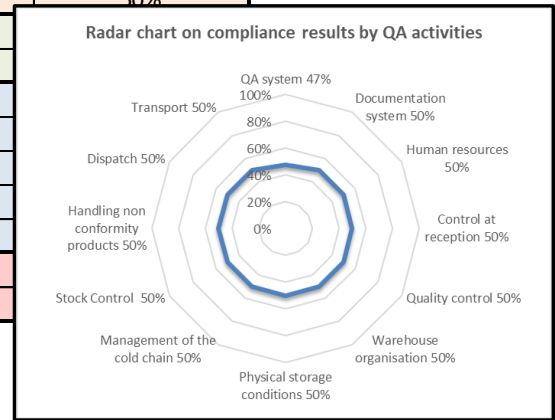

Our services

- MQAS Audit
