

The costs of a QCP audit consist of two categories:

- Category 1. Costs of the QUAMED auditors and QUAMED staff
- Category 2. The travel related costs such as air travel, board and lodging, local transport and such.

The exact costs of QCP audits can only be determined when it is known where the audit will take place to account for the travel related costs.

The category 1 costs are presented in the table below. Costs are per production line in the case of GMP audits. Costs may change.

Type of activity	On-site visit duration	Category 1 Estimated costs	Category 2 Costs to be added
QCP GSDP audit	2 days on-site visit, 1 auditor	4,325€	Travel and travel related costs
QCP MQAS audit	3 days on-site visit, 1 auditor	5,050€	Travel and travel related costs
QCP GMP audit non-sterile products	4 days on-site visit, 2 auditors	13,050€	Travel and travel related costs
QCP GMP audit sterile products	5 days on-site visit, 2 auditors	14,650€	Travel and travel related costs

Example of Category 2 costs that could be added:

- Per diem to cover board and lodging: EU per diem used
- Air travel return ticket, economy class.
- Travel insurance.
- CO2 compensation for flights.
- Transport home-airport-home and airport-hotel-airport
- Transport from hotel to audit site
- Visa costs
- Covid testing, if required
